

## Meet Your Physician Assistant

## Janice Jones, MMS, PA-C, PhD

*I strive to have my patients feel comfortable. I want them to feel that I am on their team, well-cared for, and together, we can work to find solutions.*

### Why I Became a Medical Provider

"I have been interested in science and how the body works ever since I can remember. My interests lead me to study asthma and how the heart grows in my graduate and post-graduate studies. The decision to become a provider was driven by my interest to extend my knowledge about science and enrich it with medicine, not only applied medicine, but also through caring and offering a healing hand."

### MMS

Physician Assistant Studies, Northwestern University,  
Downers Grove, IL

### PhD

Cellular and Molecular Physiology and Pharmacology,  
University of Nevada, Reno

### BS

Chemistry, University of Nevada, Reno

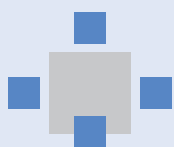

### Certification

National Commission on Certification of Physician Assistants

### Department of Dermatology

As a Physician Assistant in Christie Clinic's Department of Dermatology, Ms. Jones helps with the diagnosis, prescriptions, lab test interpretations, wound suturing, and medical treatments of clinical pathology.

*In her spare time, Ms. Jones enjoys spending time with her husband and their daughter, and enjoying various outdoor activities, including cycling and gardening.*

**CHRISTIE CLINIC**

*We listen. We care.*
