

Meet Your Physician Assistant

Morgan Montoya, MMS, PA-C

I have been working in dermatology for 7 years. While I enjoy medical and surgical dermatology, I have a special interest in cosmetic dermatology, injecting Botox and dermal fillers, and performing laser procedures. I love to make people look and feel their very best!

Why I Became a Medical Provider

"I wanted to work in the healthcare field since I was a little girl because I wanted to make a difference in people's lives. I chose to work in dermatology because I suffered with acne as a teenager and really wanted to help others who deal with similar skin issues."

MMS

Physician Assistant Studies, Midwestern University, Downers Grove, IL

BS

Health Science, Bradley University, Peoria, IL

Certification

Certified Physician Assistant

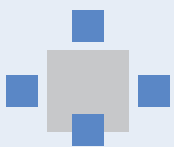

Professional Memberships

Illinois Society of Dermatology Physician Assistants,
American Academy of Physician Assistants

Department of Dermatology

As a Physician Assistant in Christie Clinic's Department of Dermatology, Ms. Montoya specializes in cosmetic dermatology, including Botox, dermal fillers and laser procedures.

In her spare time, Ms. Montoya enjoys spending time with her husband of 9 years, Luke, and their two children Riley and Grayson. She also enjoys reading, being outdoors, and trying new restaurants.

CHRISTIE CLINIC

We listen. We care.
